Aleks' Birthday PQR Challenge

For all Sales Force Members

March 27–April 30, 2010

Changing lives through the Tupperware Opportunity is a passion that we all share with Aleks Bogdanovski, Tupperware U.S. and Canada Vice President of Sales.

To celebrate our favorite Australian's birthday during April, you can qualify for an exclusive set from Down Under by achieving PQRs* this month!

Time for a "walkabout" or dining alfresco with family and friends is one of the benefits of your Tupperware business. As summer arrives, the people you meet probably would like more flexibility in their lives as well as added income and a confidence boost. Support your new Consultants as they start their businesses and you can dine outside in style.

With two or more PQRs* for April, you'll qualify to receive the **Stacking Picnic Set** from Tupperware Australia. The award was selected to honor Aleks, who is from Australia.

The Stacking Picnic Set offers a neat, easy way to store, take and serve meals on the go. The alfresco dining set includes three square 1600 mL containers with seals and curved plates plus a Cariolier® Handle. Use the curved covers as plates. Store napkins and silverware in the space between the seals and the plates. The seals double as plates or serving trays. In Vanilla, Basil and Chocolate.

*New Consultants who start their business during March 27–April 30 and who become qualified with \$450 U.S./\$550 CAD or more in personal sales during their first 30 days.
